

Decatur Christian School

End of School pick-up procedure

Preschool:

Drivers will park in designated spots in front of the preschool doors. You may enter the spots from Moon Street or from the south-bound lane of Grant Street coming from Shaffer Street. Do not enter from Ruehl Street, as elementary will already be lined up. Please enter the preschool doors to pick up your child. After pickup please exit the designated spots by using the north-bound lane of Grant Street to Shaffer Street.

Parents of Kindergarten through 6th graders:

Drivers will enter the pick-up line from Ruehl Street. Proceed north-bound in the regular right lane until you reach Moon Street. At Moon Street you will then be directed to cross lanes moving toward the school sidewalk which will be on your left (west). Please leave access at Moon Street so traffic coming west on Moon Street can get to the preschool parking area. The first cars lining up will be directed to go as far to the north as possible to the end of the sidewalk. Please be sure to place your car tag (provided for you by the school) on your dash so that the administrator coordinating dismissal can clearly read it. The administrator will call your student's name on the walkie-talkie and your student will then be dismissed from class. **Please stay in your vehicle, your child will come out to you.** The administrator in charge of dismissal will ensure that your child gets to your vehicle.

Parents of 7th through 12th graders:

Drivers will enter the pick-up line from Ruehl Street. Proceed north-bound in the regular right lane. Please leave access at Moon Street so traffic coming west on Moon Street can get to the preschool parking area. Inform your child to look for you across the street. Students will be assisted across the street at the crosswalk periodically.

High School Student Drivers:

Students who drive themselves should park in the north lot and will exit the parking lot directly onto Shaffer Street.

*Barricades will be set up (during pick-up only) at the north end of Grant Street. This is to eliminate south-bound traffic flow during pick-up time. All Kindergarten through 12th grade traffic must enter Grant Street from the south end (Ruehl Street) and move toward the school going north (toward Shaffer Street).

Please help us to be good neighbors by keeping all driveways clear and above all be kind to others!
